Casual dress

Take a walk through our new South Wing,

an expansion that adds nearly 40,000 square feet to the hospital. Come meet our world-class physicians in this state-of-the-art space that provides leading-edge technology, enhances patient privacy, and creates an environment representative of the high quality of care we provide.

The expanded South Wing includes:

- A newly located emergency department with one of the shortest wait times in the state that is staffed by many of the same world class physicians from Beth Israel Deaconess Medical Center.
- Designated pediatric treatments rooms in the Emergency Department to provide excellent care in a safe and comforting environment.
- The addition of 20 individual inpatient rooms to increase the privacy and safety of patients.
- A brand new, on-site MRI suite that allows for a variety of clinical imaging procedures and is staffed by a world-class radiology team.
- Sustainable green building design elements to reduce impact on the environment and utilize energy more efficiently.

For questions please contact the BID–Needham events team at *events@bidmc.harvard.edu* or (617) 667-7348.
