

Weight Conversion Chart

To convert grams to pounds/ounces, find the number in the white boxes that is closest to your baby's weight in grams and then look above to find out the number of pounds and look to the left to add the number of ounces.

Ounces	Pounds										
	0	1	2	3	4	5	6	7	8	9	10
0	0	454	907	1361	1814	2268	2722	3175	3629	4082	4536
