

## Division of Urologic Surgery

Fall 2019

### Message from the Chief

We welcome our new residents and resident applicants to the new independent Beth Israel Deaconess/Harvard Medical School Urology Training Program. Our minimally invasive fellowship program is revamped with a newly enhanced annual curriculum that is complemented by the Clinical Effectiveness course at Harvard School of Public Health – an intensive summer course designed to train physicians in clinical research. We are excited about offering outstanding educational opportunities for all of our trainees.

– Aria F. Olumi, MD

## What's New in Education?

Beth Israel Deaconess Medical Center / Harvard Medical School  
**Urology Residency Program Update**

We are excited to move into interview season for our 2020 Resident class! Our interviews will take place on October 30th and November 13th.

### Dr. Kolawole Olugbade, Minimally Invasive Surgery Fellow

Please join us in welcoming Dr. Kola Olugbade to the team as our Minimally Invasive Surgery Fellow. Olugbade completed his residency at SUNY Health Science Center and medical school at the University of Michigan Medical School, in addition to a Master in Public Health at Johns Hopkins University. He described the Harvard Medical School of Public Health Clinical Effectiveness Program as “intense” and credited the program to furthering his appreciation of biostatistics. During his fellowship, Olugbade is looking forward to gaining experience in performing cystectomy procedures and participating in BIDMC’s multi-disciplinary clinics.

## What's New in Research?

**Andrew Wagner, MD**, Chief of Minimally Invasive Urologic Surgery, received the **2019 Annual Award for Excellence in Clinical Research Mentorship**. This award recognizes a Department of Surgery faculty member whose commitment to and investment in the development of students, residents, fellows, and/or junior faculty as clinical scientists demonstrates excellence in mentoring.

## What's New in Practice?

### Celebrating Robert Eyre, MD

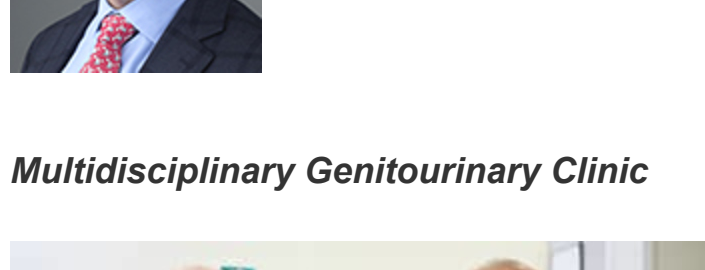

Congratulations to Dr. Robert Eyre on his illustrious career! We celebrated Dr. Robert Eyre’s retirement with his family, friends, and colleagues with dinner at the Back Bay Harvard Club on August 8, 2019. He will be remembered by the Beth Israel Deaconess Medical Center and BID-Needham communities for his surgical skills and dedication to patient care. As he retires from clinical practice, Dr. Eyre is excited to teach a Medical Ethics course at his alma mater, Williams College.

### Peter Steinberg, MD, appointed Quality and Safety Officer

Dr. Peter Steinberg has been appointed the Quality and Safety Officer for the Division of Urology. He will be working closely on quality improvement initiatives for our comprehensive care in the inpatient and outpatient settings. Congratulations to Dr. Steinberg in this newly defined role!

### Multidisciplinary Genitourinary Clinic

Starting in July 2019, our GU Oncology Multi-Disciplinary Clinic was revamped to offer comprehensive urologic oncology services incorporating radiation oncology, medical oncology, and urologic surgery services during a single visit. Patients receive comprehensive evaluation and medical opinions for management of kidney, bladder, prostate, testis and other urologic malignancies.
