

LMA Family Childcare Network

A program of the Longwood Institutions

This program is sponsored by MASCO and operated by Nurtury

A program serving families looking for:

high quality, licensed family childcare providers who offer care in their homes;
licensed family childcare homes in communities where you live and close to the Longwood Medical Area;
care for infants, toddlers, and preschoolers;
a variety of work schedules.

Our providers:

meet local and state licensing and national care standards;
go above and beyond in their background in training, education, safety and service;
have opportunities for accreditation through local and national organizations;
have current CPR/First Aid certification, insurance policies, on-going training, and business practices;
agree to bi-monthly home visits plus an annual review of required documents;
are conveniently located near the LMA Institutions AND in the greater Boston suburbs.
